Message from the Teachers

Hello Families,

Can you believe that there are only 3 months left of school!

This month we will be focusing on Weather and Insects. The children will learn about the different types of weather and how clouds are formed. We will go on insect hunts outside and learn about the lifecycles of different insects.

The three year old class will continue to work on printing their names and learning the letters in their names, dressing themselves independently to go outside and strengthening their fine motor skills.

The four year old class will continue to further develop their social and language skills to ready them for kindergarten. Star of the Week will continue and each Star will get the opportunity to share a show and tell item with the class weekly. Students will be encouraged to ask questions about the items.

Reminders

Please dress your child appropriately for the weather outside. This includes boots, jacket, mitts, hat and splash/snow pants as needed. It is beginning to warm up and we would love to get the children outside more often.

Label your child's snack items and bags.
